COM(82) 80 final

Brussels, 2 March 1982

### Proposal for a COUNCIL REGULATION (EEC)

laying down for 1982 certain measures for the conservation and management of fishery resources applicable to vessels registered in the

(submitted to the Council by the Commission)

COM(82) 80 final

### EXPLANATORY MEMORANDUM

In accordance with the framework agreement on fisheries between the European Economic Community on the one hand and the Government of Denmark and the Home Government of the Farce Islands on the other, the two parties held consultations define their reciprocal conditions for fishing in 1982. These resulted on 1 February 1982 in an agreement on the subject of each party's fishing rights in 1982 in the other's waters.

145 ----

It is the purpose of the Regulation proposed hereby to establish a regime allowing Faroese vessels to fish in the Community fishery zone in accordance with the agreement reached during these consultations. The arrangements provided for in this Regulation are based upon the results of the said consultations as set out in the agreed record signed by the heads of delegations.

Since the interim regime under which Faroese vessels are authorized to fish at present in the Community's fishery zone (Regulation (EEC) No. /82) expires on 30 April 1982 it is necessary that a new regime is adopted before that date if an interruption of the reciprocal fishing activities between the Community and the Faroe Islands is to be avoided.

### PROPOSAL FOR A COUNCIL REGULATION (EEC)

Having regard to the proposal from the Commission,

Having regard to the opinion of the European Parliament (1),

Whereas, in accordance with the procedure provided for by the Fisheries Agreement between the European Economic Community, on the one hand, and the Government of Denmark and the local Government of the Faroe Islands, on the other hand (2), and in particular Article 2 thereof, the Community, on the one hand, and the Government of Denmark and the local Government of the Faroe Islands, on the other hand, have held consultations concerning their mutual fishing rights for 1982 ;

Whereas, during these consultations the delegations agreed to recommend to their respective authorities that they fix certain catch quotas for 1982 for vessels of the other Party ;

Whereas the interim regime laid down in Council Regulation (EEC) No 287/82 authorizing fishing by Faroese vessels in the Community fishery zone (2), which expires on 30 April 1982, should be replaced by a definitive regime for 1982 in accordance with the arrangements negotiated between the Community and the Faroe Islands,
